INTRODUCTION

The National Clearinghouse on Family Violence, for the first time, has produced a listing of services and programs that address the needs of older adult victims of violence in Canada. In this edition, 280 programs and services are listed by province, from the east to west coast and within each province and territory, alphabetically by town or city. The programs and services are categorized by organization and service type. A detailed description of each type of organization and service is found on the following page.

Some organizations have chosen to provide their street address; others have provided a mailing address or municipality only. In most instances, the administrative telephone number for the organization is listed. In some cases, a toll free number is listed. With the exception of the National Clearinghouse on Family Violence, these toll free numbers are accessible only within the local area code. When calling from outside the area code, you must dial 1-(area code)-(administrative number). Where appropriate, facsimile numbers, e-mail and Web site addresses have been provided.

If you notice any changes that should be made to the listing or learn of new additions, please let us know. Our address is:

INTRODUCTION

Le Centre national d'information sur la violence dans la famille, pour la première fois, vient de dresser une liste des services et programmes répondant aux besoins des personnes âgées victimes de violence au Canada. Dans cette édition, les 280 programmes et services sont répertoriés par province et territoire, d'est en ouest, et apparaissent dans l'ordre alphabétique selon la collectivité où ils sont situés. Les programmes et les services sont présentés selon le type d'organisation et de services. Une description détaillée de chaque type d'organisation et de service figure à la page suivante.

Certains organismes ont choisi de fournir leur adresse civique, alors que d'autres ont donné une adresse postale ou le nom de la municipalité seulement. Dans la plupart des cas, le numéro de téléphone administratif de l'installation est indiqué. Dans certains cas, un numéro sans frais est donné. À noter que ces numéros sans frais ne sont accessibles que par les habitants de la région desservie par l'indicatif régional. Les autres personnes doivent composer le 1 - (indicatif régional) - (numéro administratif). Nous avons ajouté, lorsque disponible, les numéros de télécopieur, l'adresse de courrier électronique et celle du site Web.

Si vous remarquez qu'il y a des changements ou des ajouts à faire à la liste, veuillez nous en faire part.
